### **Special Education Needs and Disability**

Prospective students who have a disability that may affect their studies should inform the College as soon as possible. Reasonable adjustments will be made to accommodate student needs and to provide appropriate support to enable successful completion of the course of study. Where necessary students will be asked for evidence to help identify appropriate adjustments.

Please note that the information provided in this fact sheet was accurate at the date of publication. However, courses are continually being modified and information is therefore subject to change.
